2024 INVITATION

Invitation Letter

We invite you to the 70th Anniversary International Academic Conference of the Korean Association of Physical Education and Sport for Girls and Women, celebrating a significant milestone in our history.

This year's conference, "Current Issues and Future Prospects of Women's Sports," offers a unique platform to delve into the evolving landscape of women's sports and discuss the challenges and opportunities ahead.

On November 1, 2024, the conference will commence with a keynote address by Professor Rosa Diketmüller from the University of Vienna, Austria. The day will continue with insightful presentations and discussions on critical topics such as the current landscape of women's sports, emerging trends, and issues related to women's health and sports participation. The afternoon session will focus on an in-depth analysis of the accomplishments and challenges in women's sports research, with a global perspective provided by contributions from international scholars.

On November 2, 2024, the conference's second day will feature a workshop to foster the next generation of scholars in collaboration with international researchers. The day will conclude with presentations and a roundtable discussion on enhancing research capabilities through AI, offering a forward-looking perspective on how technology can advance research in women's sports.

We warmly invite you to join us in shaping the future of women's sports through meaningful dialogue and shared expertise. Your participation will significantly enrich the discussions and contribute to the collective vision for advancing this critical field.

We look forward to your presence at this landmark event.

Thank you.

Hyun Mi Heo

President, Korean Association of Physical
Education and Sport for Girls and Women

70th
